

## COURIER POINTS.

Most of us have trouble to lend.

Love will find a way, even a way out.

Fortune doesn't always smile on the funny man.

Marriage is the gateway from romance to reality.

Success is doing a thing before some one else does it.

The cheerful man is pre-eminently a useful man.

Fortune never knocks at some doors because it can't get by the janitor.

Serene cheerfulness is the great preventive of humanity's ills.

The best thing about some men is the stories their wives tell.

No man of good character wants to thoroughly understand two women.

The average woman outgrows bashfulness before she puts her hair up.

The devil probably told Eve that apples were good for the complexion.

A good thought and good action claim a natural alliance with good cheer.

Love doesn't begin in friendship near so often as friendship begins in love.

It doesn't pay to go entirely on the theory that things go by contraries.

The woman who dresses better than her friends will never be popular with them.

Those who have greatness thrust upon them seldom know what to do with it.

The fool and his money are what keep the rest of us from starving to death.

Lots of people kill themselves trying to live longer than they have any business to.

Women will never be independent of men till they get so they can find their pockets.

Riches have wings, but they are not the kind of wings that are fashionable in heaven.

Lots of wives never understand why their husbands should need any spending money.

The woman who prays hardest for her husband doesn't tell him she's doing it.

It is always a mystery to a woman why her husband seems to pity old bachelors more.

The pictures about little babies being brought to earth by angels are always printed by men.

The only thing worth living for is old age, and the only thing worth dying for is childhood.

Some men are so fond of sympathy that they actually glory in being the under dog.

If a man would only pay his debts as promptly as his grudges his credit would be better.

When a girl begins to ask a fellow about his life insurance, the rest ought to be easy.

A habit of cheerfulness enables one to transmit apparent misfortunes into real blessings.

The cheerful man's thought sculpts his face into beauty and touches his manner with grace.

## Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

High-minded cheerfulness is found in great souls, self-poised and confident in their own heavenly aided powers.

If the devil had to wear his last summer's straw hat he would never have made a hit with Eve.

It has caused more laughs, dried more tears, wiped away diseases and driven away more fears than any other medicine in the world. Hollister's Rocky Mountain Tea. 35 cents, Tea or Tablets.

J. A. Stern of Slater on returning to his store Tuesday night was somewhat surprised to find that the rear door had been unlocked. On investigating, he saw the foot of a negro boy protruding from under one of the counters. He seized a yardstick and started in the direction of the intruder. The boy made a dash for liberty and disappeared down the street. Not, however, before the Mr. Stern recognized him as Burnis Brown, the boot-black. He reported the matter to the mayor and the lad's mother gave him a severe thrashing in presence of the city marshal Wednesday. Burnis is 13 years of age.

We learn from the Brunswicker that John Myers, Jr., the popular telephone man at Brunswick, is wearing an elegant initial ring and a handsome shirt stud, presented him last week by a number of the citizens of Brunswick in recognition of the valuable work Mr. Myers did in connection with the big Fourth of July celebration. Soon after the celebration was over, a subscription was started by Messrs. H. F. Harr and Ler Watkins, the object being to make Mr. Myers a present, and they were not long in raising a sufficient amount to purchase the gifts named. It is needless to say that the recipient is very proud of them.

## Every Niece and Nephew of Uncle Sam

should be deeply interested in what he has said about soda crackers, because they are the one food with which all of them are familiar.

Uncle Sam has given out figures showing that soda crackers are richer in nutriment and body-building elements, properly proportioned, than any food made from flour.

This is saying much for common soda crackers, and much more for **Uneeda Biscuit**, because they are soda crackers of the best quality. They are baked better—more scientifically. They are packed better—more cleanly. The damp, dust and odor proof package retains all the goodness and nutriment of the wheat, all the freshness of the best baking, all the purity of the cleanest bakeries.

Your Uncle Sam has shown what food he thinks best for his people. His people have shown that they think **Uneeda Biscuit** the best of that food, nearly 400,000,000 packages having already been consumed.
